1. Safety Guidance

NG-F-V10 and NG-F-10 LED Desk Lamps are designed to meet safety standards and passed the appropriate tests. However, please follow safety guidance in below for further safety use.

- DO NOT DISASSEMBLE the product to avoid electrical shock. Inappropriate disassembly and assembly may induce malfunctions.
- BE SURE TO USE ONLY the adapter which is only supplied by Next Gen Illumination. NG-F-V10 and NG-F-10 LED Desk Lamps can be normally operated when DC 12V, 2.5A are used.
- GRIP the plug with dried hands when you pull out the plug from the socket. DO NOT grip the wire, or poor contact of wire / electrical problem may be caused.
- DO NOT ROTATE the arm with excessive force. It might cause damage to hinges. Please refer to "Outer Appearances and Rotating Range" to adjust the height and the orientation. All movement including rotation should be done within the allowable range.
- NG-F-V10 and NG-F-10 Desk Lamps have a stable base. USE lamps on a smooth and hard surface to prevent damage or breakage.
- Unplug the product in case of thunder and lightning to prevent electrical damage or fire.

2. Warning: Immediately turn off the lamps and call to 1-479-521-1177 if you have the following problems.

- Electrical parts are soaked in the water or liquid
- Abnormal smell or flickering lights (it is normal under alarm status) are found
- Foreign materials are inserted and hard to remove them
- Wire covering is damaged or peeled off
- Outer appearance is deformed or disassembled

3. Caution

- Do NOT expose NG-F-V10 and NG-F-10 LED Desk Lamps to direct sunlight, raining or humid conditions. NG-F-V10 and NG-F-10 LED Desk Lamps are designed to use in indoor conditions only.
- DO NOT stare directly into the LED light source. Strong light may cause damage to your eyes.

4. Cleaning and Maintenance

- Cleaning outside surface: USE soft fabric to clean the lamp and components. DO NOT use waxes or rosin oil. It might cause corroding.
- Cleaning of LGP (Light guide panel): Wipe LGP with soft fabric. DO NOT apply large force or it might cause scratches on the LGP surface.
- Fastening Hinges: Movement of the hinge is very soft and stable. In case hinge(s) is loosened owing to long time use, Please used the Hand Driver to tighten hinges if it becomes loose.

5. Package includes;

- LED Desk Lamp
- AC Adapter (DC 12V / 1.5A)
- Hand Driver
- User's Manual includes Warranty Card & Warranty Return Form

6. Consumer Information/Service Center

Call us first if you have any problem with your LED Desk Lamp. We can help you with questions about operation or if there are damaged or missing parts when you unpack this unit. Please contact Next Gen before returning to the store.
